## **VALOR Officer Safety and Wellness Program**

Supports the safety, physical and mental wellness, and professionalism of our nation's officers by providing comprehensive training, technical assistance, and resources focusing on proactive behaviors that enhance community engagement and increase public trust.

## **National Suicide Awareness for Law Enforcement Officers (SAFLEO) Program**

Provides suicide prevention and awareness training, technical assistance, and resources for officers and their families to mitigate the negative impacts of law enforcement work by sharing techniques to address chronic stress, improve wellness, and promote help-seeking.

## **Safer Together Campaign**

Offers training and resources to strengthen the link between law enforcement and communities. It emphasizes that fostering positive police-community relationships is a universal safeguard for mitigating chronic stress and physical dangers, building public trust, and reducing violent crime.

## **National Law Enforcement Roadway Safety Program (NLERSP)**

Focuses on preventing officer injuries and fatalities in roadway-related incidents through training, resources, and technical assistance by identifying risk factors, interventions, and technological innovations that are designed to reduce the likelihood and severity of officer-involved collisions and struck-by incidents.

## **Officer Resilience Training Program**

Builds more resilient officers and agencies by enhancing knowledge and skills to help them overcome adversity and challenges, manage stress, maintain peak performance, and thrive in their personal and professional lives.

## **National Consortium on Preventing Law Enforcement Suicide**

Brings together a group of multidisciplinary experts to identify solutions to emerging challenges and review successes in order to address mental health issues and prevent officer suicide.

**Technical assistance connects agencies with experts in a collaborative effort to create agency-specific plans that address officer safety, wellness, and resilience challenges.**
